

PRESS RELEASE

February 21, 2019

NESFA Press (a publishing pseudopod of)
New England Science Fiction Association, Inc.

<http://nesfapress.com>

NESFA Press is pleased to announce that we have concluded an agreement with ISFiC Press to sell their titles through our store. At the moment we have the three Seanan McGuire Velveteen books available for sale, but we will shortly have all available ISFiC titles.

The three Velveteen books are:

***Velveteen vs. the Junior Super Patriots* by Seanan McGuire \$25**

"How dare you? I never asked for you to hunt me down!" No, Velma Martinez hadn't. But when you had once been Velveteen, child super-heroine and one of The Junior Super Patriots, West Coast Division, you were never going to be free, even if your only power was to bring toys to life. The Marketing Department would be sure of that.

So it all came down to this. One young woman and an army of misfit toys vs. the assembled might of the nine members of The Junior Super Patriots, West Coast Division who had come to take her down.

They never had a chance.

Velveteen lives in a world of superheroes and magic, where men can fly and where young girls can be abducted to the Autumn Land to save Halloween. Velma lives from paycheck to paycheck and copes with her broken-down car as she tries to escape from her old life.

It's all the same world. It's all real. And figuring out how to be both Velveteen and Velma is the biggest challenge of her life, because being superhuman means you're still human in the end.

Join us as award-winning author Seanan McGuire takes us through the first volume of Velveteen's—and Velma's—adventure.

***Velveteen vs. the Multiverse* by Seanan McGuire \$30**

He was the last great hero of his generation. Velma Martinez—Velveteen—had never intended to be a great hero, but she was out of choices.

“Hello, Jolly Roger.”

“Hello, bunny-eared girl who’s taken over my ship. Have you come to collect the bounty on my head?”

“I’ve come because Dame Fortuna told me how to find you, and we need your help.” Velveteen crossed her arms. “The Super Patriots are corrupt, and I think Marketing is evil, and they have my best friend, and we want her back.”

Jolly Roger blinked, several times, before turning to the Princess. “Is she for real?”

“She is,” said the Princess, sounding smug. “She would have been happy stayin’ out of the way for her entire life, but The Super Patriots forgot the first rule of rabbits. Don’t follow them into their dens. They’re meaner than they look.”

***Velveteen vs. the Seasons* by Seanan McGuire \$30**

A doorway opens in mid-air. The body of a woman falls to the ground and lies there unmoving as the door slams shut behind her, dissolving like confetti into the wind.

As the grass beneath her slowly dies, Velma Martinez—Velveteen—once architect of the downfall of The Super Patriots, Inc., most recently the servant of the Seasons, has come home.

But ah; we are getting ahead of ourselves. That is the difficulty, once holidays become involved. They want everything to be a fairy tale, and nothing to be true. Perhaps this would not hurt so much, except that they remember the meaning of fairy tales, before we sanded off their edges and called them suitable for children.

The holidays remember how to bleed.

So, much as it hurts, we must leave the body in the grass, alone and untended, with no one to confirm whether she will live or whether she has already died. For all things must begin at their beginnings, and the beginning of this tale is far, far behind us...

Join us as award-winning author Seanan McGuire returns to the story of Velveteen, where the choices that a superheroine makes always have consequences.

The (Not So) Fine Print

Due to contractual obligations, no discounts or review copies are available. Also, for the moment, these titles are exclusively available through our online store.
